

Are you on the
cutting edge?

Or not?

**HEY
NEIGHBOR!**

Let's keep it out of the gutter.

HEY NEIGHBOR!

Dear Resident:

We are proud of our neighborhood and we want to take this opportunity to review actions sometimes overlooked when considering the “curb appeal” of our streets:

- ◆ Edge your lawn at the curb to prevent “grow over” of grass into the gutter and street.
- ◆ Remove mud and other debris from your street gutter.
- ◆ Keep the storm drains open on your street; this keeps debris and pollutants from entering our waterways.
- ◆ Bag your leaves and yard clippings or place in containers.
- ◆ Don’t blow leaves and yard clippings into the street.

The more we can do individually to keep our neighborhood beautiful, the more we protect our property values and quality of life.

If you have any questions please call **BONDS** at 334-625-2207 to request further information.
