2021 Historic Preservation Awards Program **Call for Nominations**

The Montgomery Historic Preservation Commission is proud to offer the Historic Preservation Awards program. The awards ceremony is scheduled for May as a local observance of National Preservation Month. With this special event, the Commission will recognize contributions and activities and celebrate historic preservation efforts and cultural resources that promote Montgomery's rich history and architectural heritage.

The goals of the Historic Preservation Awards program are:

- To encourage excellence in the planning, design, and execution of projects affecting the City's historic resources and heritage
- To raise greater public awareness and understanding of historic preservation efforts and their benefits to the City of Montgomery

Eligibility

Any individual, organization, agency, or business that has demonstrated an outstanding achievement in historic preservation is eligible to receive a preservation award. Nominations may be submitted by any individuals, organization, agency, or business. Related projects must be located within the City of Montgomery and must have been completed in the 2019 and 2020 calendar years (extended due to COVID related cancellation of 2020 program).

Judging

A panel whose members are knowledgeable in local history, architecture, planning, landscape architecture, and historic preservation will judge and evaluate the nominations. The judges reserve the right to reassign award categories, to determine additional recipients for a given award, to disqualify nominations that are incomplete, and to eliminate inappropriate projects. The selection process will be based on the following general criteria:

- The positive impact on historic resources in Montgomery
- The overall quality of the work (application of the Secretary of the Interior's Standards for Rehabilitation)
- The project's or individual's ability to serve as an outstanding example for historic preservation
