FINAL LANDSCAPE PLAN CHECKLIST

The following information will be <u>required</u> on all landscape plans submitted to the City of Montgomery's Urban Forester.

Landscape Plan Requirements

	Landscape plan is to be drawn to the same scale as the development plan
	A title block (include name and address of firm preparing plan with date and/or revision dates) Scale, north arrow, vicinity map
\blacksquare	Boundaries of subject property, streets and easements
\dashv	Required number of parking spaces and proposed number of parking spaces
\dashv	Location and name of utility lines, easements or right-of-ways on or adjacent to the site (if there
	are no utilities, please note on plan.)
	International Society of Arboriculture (ISA) tree installation detail
	Statement "Landscape material shall conform to The American Standard for Nursery Stock
	(ANSI Z60.1)"
	A planting schedule (listing plant materials by botanical name, common name and cultivar, if any,
	quantity of materials, size of materials at planting, plant spacing, and existing trees approved for
	use
	Landscaping Requirements
	
	8 foot landscape buffer adjacent to public streets
	8 foot landscape buffer adjacent to public streets 4 foot landscape buffer adjacent to parcel lines
	<u>. </u>
	4 foot landscape buffer adjacent to parcel lines
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock Shrubs forming an evergreen screen adjacent to public streets
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock Shrubs forming an evergreen screen adjacent to public streets Canopy trees on 40 to 50 ft. centers, or understory trees on 20 to 30 ft. centers where overhead
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock Shrubs forming an evergreen screen adjacent to public streets Canopy trees on 40 to 50 ft. centers, or understory trees on 20 to 30 ft. centers where overhead utilities conflict; minimum 2 tree species
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock Shrubs forming an evergreen screen adjacent to public streets Canopy trees on 40 to 50 ft. centers, or understory trees on 20 to 30 ft. centers where overhead utilities conflict; minimum 2 tree species One interior landscape island (250 sq. ft. minimum) for every 12 spaces
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock Shrubs forming an evergreen screen adjacent to public streets Canopy trees on 40 to 50 ft. centers, or understory trees on 20 to 30 ft. centers where overhead utilities conflict; minimum 2 tree species One interior landscape island (250 sq. ft. minimum) for every 12 spaces Each parking space must be within 60 ft. of a tree
	4 foot landscape buffer adjacent to parcel lines Trees shall be 2.5 inch caliper or larger, shrubbery shall be 18 inches high/7 gallon container stock Shrubs forming an evergreen screen adjacent to public streets Canopy trees on 40 to 50 ft. centers, or understory trees on 20 to 30 ft. centers where overhead utilities conflict; minimum 2 tree species One interior landscape island (250 sq. ft. minimum) for every 12 spaces Each parking space must be within 60 ft. of a tree Trees and shrubbery provided in all landscape buffers and islands, minimum one tree per island

Landscaping/Parking Note: Each landscape island may count as 2 parking spaces to fulfill parking requirements, and each tree in landscape buffer may count as 1 parking space to fulfill parking requirements.

Existing trees may be used to meet landscaping requirements if approved by the Urban Forester.

ALL LANDSCAPE PLANS SUBMITTED WILL BE REVIEWED BY THE URBAN FORESTER. ANY PLANS NOT MEETING ALL THE REQUIREMENTS CANNOT BE PROCESSED.
